Easy to use

The X632e MFP utilizes an intuitive touch-screen interface that is uncomplicated, even for the most inexperienced user. Copy, fax and scan options are straightforward and clearly labeled, making navigation a snap. The color touch-screen has a built-in user manual that eliminates searching for misplaced hardcopy manuals.

Fast and efficient

With its fast, 40 page-per-minute engine, even the most graphic-intense documents get delivered on time. Fax and color scanning are standard, not expensive add-ons that you find with many copier-based MFP's. Add in the optional duplex and finishing for even greater productivity.

Leverage your corporate network security

Built-in corporate security option to prevent unsolicited scanned emails to anyone in your organization — users must log into the network through the color touch-screen to utilize the scanning features, which will automatically add the user's email address

Save money with scanning

Eliminate long distance fax charges by scanning directly to email. The Lexmark X632e adds easy to use, color scanning features to your workplace. Its intuitive touch-screen allows you to search for an email address in an online corporate directory or manually enter an address, subject and message.

Document workflow solutions

Compatible with the optional Lexmark Document Solutions Suite which offers solutions that can work together to offer powerful, flexible implementation of electronic forms creation and merge, document capture and electronic distribution, on-demand document retrieval and printing functionality. Robust routing, indexing and archiving capabilities are also available and can be achieved with one-touch simplicity and accuracy.

The X632e is a powerful, innovative solution that helps streamline business processes.
