

Lexmark MX820 Series

Outstanding MFP for Enterprise Environments

The Lexmark MX820 Series, chosen by Buyers Lab analysts as the winner of the Winter 2019 Pick award for Outstanding MFP for Enterprise Environments, offers...

- Minimal downtime, thanks to an intuitive design, simple routine maintenance, perfect reliability, and class-leading speeds
- Robust scan functionality, including a DSPF for faster scanning of double-sided pages
- Integration with an array of time- and money-saving solutions via Lexmark's embedded solutions framework (eSF)
- Flexible mobile support, which enables users to stay productive even when they're away from their desks

"Built for the enterprise, the Lexmark MX820 Series includes the outstanding reliability, robust design, and comprehensive security features modern office workers need," said Marlene Orr, KeyPoint Intelligence's Director of Printer & MFP Analysis. "Businesses can rest assured that the MX820 Series' user-friendly design, straightforward routine maintenance, and class-leading speeds will keep workflow moving smoothly throughout the day. Lexmark's embedded solutions framework (eSF) allows for integration with a wide variety of solutions that can help increase functionality, boost security, and streamline workflows to save time and money. Flexible support for broad range of mobile print and scan methods means productivity can extend far beyond the workstation. Plus, long-life consumables contribute to a lower cost per page, making for a very strong value proposition."

"The Lexmark MX820 Series was clearly designed to keep high-volume environments productive," said Tony Maceri, KeyPoint Intelligence's Senior Test Technician. "It performed flawlessly over the course of our exhaustive reliability testing and clocked fast speeds in many of our tests. Its large, highly intuitive touchscreen makes walk-up operations a breeze, while its well-organized print driver makes desktop activity just as simple. Scan-intensive

environments will appreciate the device’s super-fast scan speeds and the broad range of file formats it supports. Administrators and IT workers will appreciate the high level of control Markvision Enterprise gives them. All in all, the Lexmark MX820 Series is an outstanding choice for enterprise environments.”

About Keypoint Intelligence - Buyers Lab

Keypoint Intelligence is a one-stop shop for the digital imaging industry. With our unparalleled tools and unmatched depth of knowledge, we cut through the noise of data to offer clients the unbiased insights and responsive tools they need in those mission-critical moments that define their products and empower their sales.

For over 50 years, Buyers Lab has been the global document imaging industry’s resource for unbiased and reliable information, test data, and competitive selling tools. What started out as a consumer-based publication about office equipment has become an all-encompassing industry resource. In a landscape that’s ever evolving, we change with it.

About Buyers Lab Pick Awards

Buyers Lab Picks stand alone in the industry and are hard-earned awards, as they are based on rigorous testing, including an extensive durability assessment and evaluation of key attributes such as usability, image quality, and value. Each product that passes our lab test earns Buyers Lab’s Recommended or Highly Recommended seal and our Certificate of Reliability, with the best performers qualifying as Pick contenders.
