Lexmark CX730de

The Lexmark CX730de is designed for performance, security, and ease of use for mid-to-large workgroups at speeds up to 40 pages per minute*. Single-pass two-sided scanning and a 17.8 cm tablet-like touchscreen make handling your tasks easy. Replacement cartridges with Unison™ Toner yield up to 22,000/10,500 black/colour pages** to keep you going.

Robust, enduring quality

- Enjoy high-quality colour output in a wide variety of environments - from back-office to retail to harsh manufacturing conditions.

- Intentionally engineered to last seven years or more with durable steel frames and long-life components.

- Unison™ Toner replacement cartridges yield up to 22,000/ 10,500 black/colour pages**.

Make a statement with professional colour

Enjoy the benefits of vibrant, professional-quality output allowing you to do more colour printing in-house - saves time and money. Match corporate colours on marketing collateral and brand-sensitive text and graphics with PANTONE® calibration and Lexmark Named Colour Replacement.

Always easy. Always intuitive.

- Large, tablet-like, button-free touchscreens help you intuitively complete every task, from the basic to the complex.

- Get into the flow with standard access to built-in MFP workflow solutions like Scan Centre, an easy-to-use app that simplifies routing to multiple destinations simultaneously.

- Plus, you can add other Lexmark or third-party partner solutions that meet your specific business needs.

Secure by design

- Lexmark security features help keep your information safe - in the document, on the device, over the network and at all points in between.

- Always improving security, we now include a standard Trusted Platform Module***, which delivers authentication, system integrity checks, and cryptographic capabilities to create a unique digital system fingerprint.

Sustainability matters

- Designed for the circular economy.

- Automatic two-sided printing is standard, along with built-in energy-saving modes that help support ratings of EPEAT® Silver and ENERGY STAR® certified.

- The award-winning Lexmark Cartridge Collection Programme (LCCP) and Lexmark Equipment Collection Programme (LECP) minimise waste and support recycling (availability varies by country).

Power up with IoT

- Sophisticated, IoT-enabled printers are loaded with sensors that continuously monitor hundreds of data points.

- When you connect your device to Lexmark Cloud Services, you can optimise performance and uptime with additional features like predictive service and automatic supplies replenishment.

[1] Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: www.lexmark.com/ISOspeeds.
[2] "Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. [3] "Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. [4] Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details. [5] Average continuous black or continuous composite CMY declared cartridge yield up to this number of standard pages in accordance with ISO/IEC 19798. [6] Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. [7] Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details.
