

**Table 1:** EPEAT Toxic EPEAT 4.7.2.2

Lexmark annually discloses toxic release data, which are collected from suppliers according to provision 4.7.2.2. in IEEE 1680.2, as company policy. Lexmark registered product: MX331adn (29S0150) - last revised December 2023

Year	part category	Number of Suppliers	Toxic substance	release from the facility to the environment (unit: kg/year)			off-site Transfer (unit: kg/year)

Note: N.D. or not detectable is considered to be a value marked "non detectable" by instrumentation at or below the measurement uncertainty.  
 Above data have been gathered by the individual suppliers in accordance with United Nations Protocol on Pollutant Release and Transfer Register.  
 This table lists only the toxic substances which had detectable levels of release during the reporting period. All other toxic substances were not detectable.
